

2025 energy storage conference

What is Energy Storage Summit USA 2025?

Energy Storage Summit USA 2025 will provide the perfect platform to connect key industry players across the entire value chain of this buzzing US market.

What is the Energy Storage Summit?

Our Summit aims to highlight the fundamental role that energy storage will play in this journey, and will strive to recognise, explore and analyse key challenges that may present themselves on the trajectory ahead.

Why should you attend the energy storage Conference?

Unlike other storage conferences, proceeds from the event help to fund high quality journalism across our media titles. Welcome to our Energy Storage Conference taking place in Austin, USA. Our two day event is the place for networking and learning amongst the entire industry.

Who are the delegates at the energy storage Conference?

Join us in February for the networking event of the year, bringing together over 2000 delegates from across Europe's energy storage value chain, spanning investors, developers, IPPs, banks, government and policy-makers, TSOs and DSOs, EPCs, optimisers, manufacturers, data and analytics providers, consultancies, system integrators and more.

Is energy storage a necessity?

Planned and currently operational U.S. utility-scale battery capacity totaled over 16 GW at the end of 2023, with another 15 GW in 2024 and around 9 GW now expected in 2025. Energy storage is no longer an aside or a luxury; it is a necessity if we want to reach our global net-zero goals and stay on track.

How much power does the energy industry need in 2050?

Recommendations from the European Commission estimate that the industry will need around 200 GW of operational capacity by 2030, tripling to 600 GW in 2050. So, what does the industry need to change, innovate, or completely shake up to get us there?

The eighth edition of the Energy Storage Global Conference (ESGC) will take place on 14 - 16 October 2025 in Brussels. What can you expect from the #ESGC2025? Latest insights on energy storage policies, markets and technologies and applications. Networking opportunities during the conference, as well as during our dinner events.
