ESS will be attending, exhibiting, and speaking at AES 2017. ESS" VP of Business Development and Sales, Bill Sproull, will present on the use of a long-duration energy storage system to significantly reduce fuel consumption from fossil fuel generation in a military forward operating base (FOB). Be sure to stop by and visit the team at booth #301.

Address to the Australian Energy and Battery Storage Conference. The Honourable Malcolm Turnbull AC. 23 March 2022 . E& OE.. The topic of this conference is, in my view, the single most important in the energy transition. Storage, and in particular the need for Long Duration Energy Storage (LDES), is the ignored crisis within the energy crisis.

We are the peak industry body for electricity and downstream natural gas businesses operating in the competitive wholesale and retail energy markets. AEC members generate and sell energy to over 10 million homes and businesses and are major investors in renewable energy generation. The AEC supports reaching net-zero by 2050 as well as a 55 ...
