Belkin Battery Backup Review. BELKIN RG Battery back-up ModelBU3Dc001-12v is an excellent backup device for my TP-Link brand wireless router WDR-3600 and would probably work well with any wireless router or access point which uses a ac wall adapter that plugs into the back of the router that is output rated 12volt DC with negative ground and with 1-3 amps max.

The APC BR1500G Backup Battery is pretty large in terms of size. It has five battery backup and surge-protected outlets and another set of five outlets with only surge protection, for a total of ten. However, there are no USB ports to plug in your phone directly. There"s also a small backlit LCD that shows plenty of information at a glance.
