Seamless UPS Instant Power Protection Whenever there is a power outage, the UPS guarantees uninterrupted power within 20ms to keep your essentials running without a hitch. ...

Cant beat the lifepo4 battery! Already used the customer service and it is top notch too! Upgraded from a rockpals 500 watt. Running my setpower 12v fridge great with 100 watt newpowa panel on top of suv. Would be sweet if it took 10-11 amp max of solar rather than the 8 amp max so could use a outdoor 200 watt panel. 5 stars still ! Great product!

After the success of their popular Bluetti AC300 + B300S solar kit, Bluetti has launched another combo with the same modular design.. The Bluetti AC500 & B300S system is designed for home backup and off-grid power. It comes with a 5000W inverter, making it one of the most powerful solar generator kits in the market.

Fast recharge via AC and Solar in 1200W total simultaneously, Wide 35-150v solar input voltage range to allow you connect multi- solar panels in series, install easily, 2000Wh huge capacity ensure long lasting for your device during power outage, Eco-mode to save more power for low loads below 50w, Built in mppt controller in the bluetti ac200p ...

So, these solar generator are great with long lasting solar panels. Compared to the EP500, the EcoFlow Delta has 800 battery cycles. The Jackery Explorer 1000, another top contender, has 500 cycles before the capacity

Blue eddie solar panels

drops to 80%. This comparison shows how the Bluetti EP500 is a better solar power station.

Solar input (200W max) - Both power stations even use the same XT-60 connection for solar panel and car charging Weight (16.5 vs. 17 lbs) The EB55 has three more output ports than the River Max, including an additional AC port, USB port, and a wireless charging pad.
