

Buy local solar energy

How much do solar panels cost in Miami?

As of Jan 2024, the average cost of solar panels in Miami is \$2.66 per watt making a typical 6000 watt (6 kW) solar system \$11,169 after claiming the 30% federal solar tax credit now available. This is lower than the average price of residential solar power systems across the United States which is currently \$3.00 per watt.

How much does a 5 kW solar system cost in Miami?

While a 5 kW system will only cost you \$12,933 in Miami, FL, doubling the system size effectively doubles the price, so you'll pay about twice that for a 10 kW system. The higher the price tag, though, the more you'll get back as a credit towards your federal tax bill. Are solar panels worth it in Miami, FL?

Do I need a local solar installer?

To see your potential savings and connect with a local solar installer, click the button below. Although it's possible to install solar panels yourself, it requires extra time and handiness. Because of that, most people choose to go with a solar panel installer.

How much money can you save with solar panels in Miami?

On average homeowners in Miami see about \$21,000 in savings on utility bills over 20 years. To see your potential savings and connect with a local solar installer, click the button below. Although it's possible to install solar panels yourself, it requires extra time and handiness.

How can I reduce my cost of solar in Miami?

Taking advantage of incentives and rebates and shopping around for quotes can bring down your cost of solar in Miami, FL. As long as your federal tax bill is high enough, you can take advantage of the federal tax credit in Miami, FL. This incentive allows you to apply 30% of your solar installation and equipment costs toward your federal tax bill.

Should you lease or buy solar panels?

Leasing solar panels can be an attractive choice, because it often comes with low or \$0 upfront payments. The drawback is that you won't be able to save as much. If you lease, you don't own the system, so you can't claim any incentives and your home value won't increase.
