Why should you choose a customised steel container?

Once your container is ready, we can arrange delivery to your location. A container can easily be moved from one location to another. No need to lay foundations or pay for months of construction work. The cost per square meter of a customised steel container is significantly lower than the cost of constructing a building from scratch.

The customized nature of containers and pod products also means a customized price-point based on a final design that includes superior quality finishes, the latest developments in energy saving, alternative energy, LED lighting, inverter-type air-conditioning, as well as insulation ...
