

Ceo mitsubishi hitachi power systems

Is Mitsubishi Power a comprehensive energy company?

With these changes, MHI's structure will be strengthened as a comprehensive energy company. Mitsubishi Power is a wholly owned MHI subsidiary originally established in February 2014 as Mitsubishi Hitachi Power Systems, Ltd., a company integrating the thermal power systems businesses of MHI and Hitachi, Ltd.

Why did Mitsubishi Power integrate with MHI?

The newly completed business integration enables the efficient simultaneous implementation of MHI's initiatives focused on achieving hydrogen and CO₂ ecosystems and Mitsubishi Power's pursuit of decarbonized thermal power systems, resulting in a dynamic unified operation of the two companies' resources.

Is Mitsubishi Power still a brand?

While the Mitsubishi Power business functions will change, the "Mitsubishi Power" brand name, having acquired global recognition, will continue to be used for markets outside Japan.

What is Mitsubishi Power's new logo?

The new brand logo presents an image of the advanced power generation technologies and solutions that the company offers, while expressing a corporate stance of responding flexibly to societal changes. (Graphic: Mitsubishi Power)
