

# Cyberpower intelligent backup power cps320sl manual

What is the Cyberpower systems cps320sl?

The CyberPower Systems CPS320SL is the ideal model for entry-level computer systems. The CPS320SL guards against surges, spikes, sags, brownouts, and other power abnormalities. It also protects your computer system and valuable data during a power outage. PowerPanel Software is included with each model.

What is included with the cps320sl?

PowerPanel Software is included with each model. In the event of a power outage, PowerPanel Software automatically saves and closes open files and then shuts down the computer system in an intelligent and orderly manner. The CPS320SL comes with a three-year warranty and a \$30,000 Connected Equipment Guarantee.

What is the warranty on the cps320sl?

The CPS320SL comes with a three-year warranty and a \$30,000 Connected Equipment Guarantee. Diverts excess voltage away from sensitive electronic equipment during an AC power surge or power spike to prevent damage.

Will Cyberpower repair or replace a defective UPS system?

CyberPower will repair or replace a defective UPS system (including batteries) within three years of the purchase date. See warranty for details. CyberPower will repair or replace properly connected equipment if it is damaged by a power surge.

A mini-tower UPS with line interactive topology, the CyberPower Intelligent LCD CP1350AVRLCD3 provides battery backup (using simulated sine wave output) and surge protection for desktop computers, workstations, networking devices, and home entertainment systems. The CP1350AVRLCD3 uses Automatic Voltage Regulation (AVR) to correct minor ...

A mini-tower UPS with line interactive topology, the CyberPower Intelligent LCD CST135UC2 provides battery backup (using simulated sine wave output) and surge protection for desktop computers, workstations, networking devices, and home entertainment systems. The CST135UC2 uses Automatic Voltage Regulation (AVR) to correct minor power fluctuations without ...

A compact UPS with standby topology, the CyberPower Intelligent LCD CP600LCD provides battery backup (using simulated sine wave output) and surge protection for desktop computers, workstations, networking devices, and home entertainment systems. During longer power outages, the CP600LCD delivers enough battery backup power to perform a graceful ...

Due to a planned power outage on Friday, 1/14, between 8am-1pm PST, some services may be impacted. A
