

Ever solar inverter warranty

What is a solar inverter product warranty?

Also known as a materials warranty, an inverter product warranty covers the integrity of the equipment itself. If your solar inverter has a defect or mechanical issue or experiences unreasonable wear and tear, that's where your product warranty comes into play.

Does a Zenersolar inverter have a warranty?

The early Eversolar /Zenersolar inverter did have a few issues but since the SMA Group took a majority stake in the company the German engineers have gone through all the products and ironed out the issues. Both Eversolar /Zenersolar inverter come with a standard 5-year warranty.

Do inverters have a warranty?

Most inverter manufacturers offer at least ten years of coverage under a product warranty, and those that don't provide 25 years of coverage often can extend the warranty for an additional price. Module-level power electronics (MLPEs) like microinverters or power optimizers typically have 25-year warranties.

How long does a solar inverter last?

Use the EnergySage Marketplace to get free quotes for solar systems and compare solar inverter options. Industry standard: It depends on the type of inverter; most string inverter technologies come with a warranty of about 12 years, while module-level power electronics (like microinverters and power optimizers) often have 25-year warranties.

How long do SolarEdge inverters last?

If you install a SolarEdge string +power optimizer system, the individual components usually have two different product warranty terms: 12 years for the string inverter and 25 years for the power optimizers. Another way to consider the various products covered under inverter warranties is where they sit.

Does a solar inverter manufacturer cover a replacement?

As we mentioned above, all solar inverter manufacturers should cover a replacement inverter if you need it during their warrantied term. While the manufacturer may cover your replacement part, that doesn't necessarily mean they'll cover the labor costs necessary to re-install that equipment.
