Who is the CEO of Generac Power?

"We're proud to introduce a fully integrated battery storage solution," said Aaron Jagdfeld, Chairman and CEO of Generac Power Systems. "Today marks a huge step for Generac, our partners, and our customers, as we bring smart home energy storage and management into the mainstream for homeowners."

How many employees does Generac Power Systems have?

Generac Power Systems employs 3,208 employees. The management team includes Tim Dickson (Chief Information Officer), Robert Rogan (President - Clean Energy), and Ben Polito (President, Clean Energy Technology).

What is the phone number for Generac Power Systems?

Generac Power Systems, Inc. 1-888-436-3722 S45 W29290 Hwy. 53189 Waukesha, WI

Who owns Generac generators?

According to Zippa, Generac was purchased by CCMP Capital of New York in 2008. It is unclear whether CCMP Capital New York still owns Generac but it does not look like CCMP is responsible for Generac's manufacturing. Generac's parent company, Generac Holdings Inc. is the primary manufacturer of Generac generators.

Who invented Generac generators?

Generac was founded by Robert Kernin in 1950. Its very first product was a portable generator designed for residential use. By the 70s, Generac introduced its first line of automatic standby generators for home use. This became a major hit as it offered homeowners an instant source of backup power should they experience a power outage.
