Anker's new Solix home solar battery system is a modular version of Tesla's Powerwall / Anker can now power a whole house even when the grid goes down, while its DIY solar solution for ...

Trina Storage representatives with the Elementa 2 display at this year's Energy Storage Summit EU in London, where the new solution was launched. Image: Solar Media . Energy-Storage.news Premium sits down with Helena Li, executive president at Trina Solar, to discuss the launch of Elementa 2, the group's new integrated battery storage solution.

As part of the new series, GCL System initially rolled-out two attractively designed home energy storage products with respective capacities of 2.5KWh and 5.6KWh. Both products were developed with high-energy and long-lifetime lithium ion battery technologies and provide an energy density of up to 125Wh/kg.

Kyocera Corporation and 24M announced today that Kyocera has formally launched its residential energy storage system, Enerezza, the world's first system built using 24M's novel SemiSolid electrode manufacturing process. In addition, Kyocera has extended its commitment to 24M's unique manufacturing platform with plans to start full-scale mass ...

WAUKESHA, Wis., Sept. 10, 2024 /PRNewswire/ -- Generac Holdings (NYSE: GNRC), a leading global designer, manufacturer and provider of energy technology solutions and other power products, today announced the launch of its new PWRcell 2 Home Energy Storage System product series, featuring PWRcell 2 and PWRcell 2 MAX. These products give ...

MILPITAS, Calif. & HERZLIYA, Israel--(BUSINESS WIRE)--May 10, 2022-- SolarEdge Technologies, Inc. ("SolarEdge") (NASDAQ: SEDG), a global leader in smart energy technology, will announce the European launch of SolarEdge Home, a portfolio of home energy management products and solutions, at Intersolar 2022 in Munich. SolarEdge Home is an ...

WALNUT CREEK, Calif., Sept. 8, 2022 /PRNewswire/ -- Canadian Solar's consumer-focused energy tech independent brand Eternalplanet is set to launch its first home energy storage product in the U ...

Program launch refers to the time when a state begins accepting rebate claims. In order to launch a Home Energy Rebates Program, states must submit pre-launch information form(s) to PNNL. The information provided in these forms is needed to understand how PNNL's information technology team will engage with the state and/or its implementer.
