List: \$19.99 \$19.99. 10% off coupon applied Save 10% with coupon.

4 x Light (LED) Sets. Our light set comes with 3 LED lights that are 2 watts each. Each cord has 15 feet with an individual switch. These light up a room, a dance floor, a campsite or anywhere you need a little extra light. People need portable power that doesn't tie them to a cord or to fuel-based units that smell, are noisy and are heavy.

Best Solar Carport Kits. Companies leading the way in this space developing solutions to meet the changing energy needs. They function as decentralized energy sources and directly convert sunshine to electricity, reduce dependency on traditional power systems and increase energy efficiency by minimizing transmission losses.

DESCRIPTION This advanced hands-on science kit allows for more in depth exploration of energy conversion and storage. Designed for two students, this kit builds on our SIMPLE ENERGY STORAGE & CONVERSION kit, and allows students a more in depth look into energy. For example, students can hook up the hand generator to the thermoelectric cooler, ...
