This mod helps you generate the needed energy by converting from one energy type (i.e. Redstone Flux) to another (IndustrialCrafts EU). You can even convert from EU to EU... if you want to do that for some reason... Energy Converters provide you 3 different Block Types: Energy Consumers, Energy Producers and the Energy Bridge.

This module contains "Expansion" - the original mod in the series, going all the way back to Minecraft 1.2.5. It contains the "industrial base" of the Series, providing options for energy generation, storage, and resource processing! The mods are still being updated regularly and the Series is not complete yet!
