The invention of lithium batteries. Little more than 40 years old, the lithium battery was born in 1979 and was immediately seen as truly revolutionary deed, in 2019 the founding fathers of this technology, Stanley Whittingham, John Goodenough and Akira Yoshino, won the Nobel Prize in Chemistry for creating a true instrument of change, which completely upended ...

Customers say the Energizer Lithium 123 batteries are reliable and long-lasting, making them ideal for high-drain devices like cameras and flashlights. Many users appreciate the leak-proof design and the convenience of a 10-year shelf life. While most reviews highlight their impressive performance and durability, a few customers noted shorter ...
