

MG ZS EV is packed with a range of features that make the cabin feel comfortable, convenient and relaxing. There's a 10.1" colour touchscreen as standard, Wireless Mobile Phone Charging* and Adaptive Cruise Control. With the MG iSMART app you can pre-start the climate control system to cool or heat the car, and also schedule battery charging.

The Flashfish 330W Portable Power Station is a simple-looking device that's friendly to your wallet. Its unassuming construction features eight ports, including 2 AC, 2 DC, and a 45W USB-C option. Though not the most robust in terms of inputs and outputs, when you spot the modest price tag, the appeal of the Flashfish power station is more apparent.

ICO installed 11 wind turbines last year supplying 44 MWh of power and is using them to sustainably power a mobile heavy-lift crane used for handling industrial equipment and other project cargo ...

AC Output indicates the maximum number of watts (electricity) the portable power station can deliver on-demand simultaneously. If any appliance you want to operate exceeds the AC output, the PPS can't run it. Similarly, the total wattage of all the appliances you want to operate at the same time can't exceed the maximum AC output -- in this case, 3600W.
