

Renewable energy expo 2023

REI stands out as a premier renewable exhibition, offering a vital platform for companies of all sizes. Beyond showcasing innovations, it facilitates communication with the government, helping them understand the needs and aspirations of new companies and technologies.

What an incredible experience at Renewable Energy India Expo! This year was our biggest yet, featuring six of our companies in the renewable sector. From our electrolyze and BESS models to module cleaning robots and solar trackers, it was a proud moment to exhibit the future of energy with live demonstrations.

Renewable Energy India Expo popularly known as REI offers an all-inclusive platform to domestic and international manufacturers, traders, buyers and professionals from across the renewable energy domain.

The Renewable Energy India Expo (REI Expo) showcases India's achievements in renewable energy and industry progress. In its remarkable 17th edition, the event brought together top brands and over 800 suppliers, featuring a diverse range of products--including equipment, EPC solutions, solar panels, inverters, and IoT solutions--serving as a ...

The future is in green energy, and this event allows us to dream of that future. Attending for the second year, it's a must-attend event to connect with industry peers and have a wonderful experience. REI provides valuable insights on technology, PLI schemes, and government initiatives.
