

Samsung lithium ion battery msds

Are there safety data sheets for Samsung lithium-ion batteries?

Customers are asking for the Safety Data Sheets for the Samsung Lithium-Ion Batteries used in the Samsung and Galaxy Battery Solutions. Battery Part Numbers are used in Samsung and Galaxy li-ion battery cabinets. The above listed battery modules (both A & B Types) are used in the following battery cabinets.

What is the safety data sheet for Samsung SDI lithium-ion rechargeable cells?

1. The document provides a material safety data sheet for Samsung SDI lithium-ion rechargeable cells. 2. It lists the product and company identification, composition, hazards, first aid measures, fire fighting measures, accidental release measures, and handling and storage guidelines. 3.

Are lithium ion batteries hazardous?

Hazards Identification Classification of the substance or mixture. Preparation Hazards and Classification: The product is a Lithium ion cell or battery and is therefore classified as an article and is not hazardous when used according to the recommendations of the manufacturer. The hazard is associated with the contents of the cell or battery.

What is a lithium ion battery?

Lithium ion batteries and cells contain lithium which is only present in an ionic form in the electrolyte. They can be formed into many shapes which makes them ideal for a range of electricals.

Are lithium batteries rechargeable?

Lithium metal batteries and cells are typically single use and contain metallic lithium. They are not rechargeable, but they do have a longer life than standard alkaline batteries/cells, making them ideal power sources for devices that are out of reach, such as smoke detectors and computer motherboards.

Are lithium batteries accepted by DHL Express?

Lithium batteries, for example, are classified as Dangerous Goods, so not all types of lithium batteries are accepted by DHL Express which you can check here. Due to their hazardous nature, parcels containing batteries must be packaged carefully to avoid damage during transit. Our advice varies depending on the type of battery you are sending.

MATERIAL SAFETY DATA SHEET 1. PRODUCT / COMPANY IDENTIFICATION
PRODUCT IDENTIFICATION Samsung SDI Lithium-Ion Cell Samsung SDI ICR18650-26F Item Value Remark
