

# Sharp solar

Sharp is the world's first solar pioneer, with over 60 years of experience in solar cell research and development. Sharp offers solar products for homes, lighthouses, satellites, and megawatt ...

For more than 60 years, Sharp's efforts in research and development have led to groundbreaking solar solutions. As a maker of products that consume power, we've always believed we should create power, too.

PV (photovoltaic) solar power is in many ways superior to other energy sources. It combines advantages from social, environmental and economic perspectives also referred to as the triple bottom line of sustainability.

"Juan van Sharp Solar se diens is uitstekend. Hul tegniese kennis en ervaring is duidelik, hul verstaan die produkte en het my van waardevolle inligting en ondersteuning voorsien, na ure selfs saterdag aand laat nog, het herhaaldelik telefonies gehelp en ingeskakel op my solar stelsel om verstellings te maak, al die pad van die kaap af (eks in gauteng).

Sharp Solar is a fully-owned subsidiary of Sharp Electronics, a Japanese multinational corporation based in Osaka, Japan. Founded in 1912, Sharp Electronics is owned by the Taiwan-based Foxconn Group.

Sharp provides solar power solutions by using its wealth of knowledge and exacting technologies. For everything from project development to power plant operation and maintenance, Sharp is your one-stop solar business partner.

Sharp is a solar pioneer with over 60 years of experience and 50 million PV panels delivered worldwide. Learn about Sharp's solar panels, installation, project development and partnership opportunities in Europe, Middle East and Africa.

With its solar business dating back to 1959, Sharp is the solar power pioneer. Sharp solar products are all around: in homes, lighthouses, artificial satellites, and megawatt-scale solar power plants, to name just a few

Vietnam's First Mega Solar Power Plant Starts Operation. Vietnam's First Mega Solar Power Plant 48 MW-dc (output capacity 35MW-ac) output Starts Operation Large 48 MW-dc This plant was a joint construction project involving Sharp Energy Solutions Corporation (SESJ), the Thanh Thanh Cong Group (TTC Group), and the Gia Lai Electricity Joint Stock Company operating ...
