Why should you choose SMA Solar inverters?

Digital solutions from SMA make it easy and convenient to design, operate and service PV systems and energy systems. High efficiency solar inverters for any size, all power classes and any power requirement worldwide - regardless of the type of solar modules used.

Why should you choose SMA Solar Technology?

Choose SMA for tailored, safe solutions, driving a brighter future for all. Discover SMA Solar Technology, a global specialist for solar inverters and PV technology with solutions for home owners, business owners and large scale PV plants.

Where are SMA Solar inverters made?

SMA Solar Technology AG has started building a 20 GW inverter factory at its headquarters in Niestetal, in Hesse, Germany. The new manufacturing facility will be completed by the end of 2024, pushing the company's total annual capacity to 40 GW.

Who is SMA Solar Technology AG?

SMA Solar Technology AG is a German company focused on manufacturing and supplying solar energy equipment. The company was founded in 1981 by a team from the University of Kassel and has since grown into a company with 3,000 employees and over AU\$1 billion in revenue (according to their 2018 annual report).

What are SMA Solar batteries?

Powerful SMA solar batteries for homes and businesses. System technology components in the field - flexible and simple. SMA charging solutions for particularly intelligent, sustainable and cost-effective recharging of electric vehicles.

What is SMA commercial energy solution?

SMA Commercial Energy Solution Reduce energy costs, be sustainable. Discover solar and storage solutions for your business. SMA Large Scale Energy Solution More than an investment: With our flexible solutions for PV and storage power plants, you're ready for a climate-friendly future. Stay up-to-date with the free SMA Newsletter.

82,000-Square-Foot Facility Designed to Handle Increased Demand for Solar Inverters Global solar technology giant SMA Technologie AG, the parent company of SMA America, Inc., has broken ground on an 82,000-square-foot solar inverter manufacturing plant in Kassel, Germany. The largest of its kind on the planet, the new facility is designed to triple ...

Yes, SMA manufactures the Sunny Boy inverter, specifically the Sunny Boy Smart Energy hybrid. However,

the information on the older Sunny Boy-US model can still be found under the Downloads tab on this page.

These solar inverters are made with German-based technology. Mr. Werner Kleinkauf, G&#252;nther Cramer, Peter Drews and Reiner Wettlaufer founded the brand jointly in 1981 in Germany. ... SMA Solar Inverter has a 05-years warranty that is expandable from 10 to 25 years depending on the inverter model. The consumer can avail of the warranty ...

SMA Inverters Quick Summary. First established: 1981 - Long-standing company Best residential solar inverter: Sunny Boy 5kW Best commercial solar inverter: Tripower Core 1 50kW Price bracket: High \$\$\$\$ Warranty: Standard - 10 years (5+5) options up to 25 years Quality and reliability: Excellent 5/5 Service and support: Very good 4.5/5 System Monitoring: ...

SMA is a solar icon. The German company was established in 1981, which is prehistoric in the world of solar, and for a long time the SMA string inverters, branded Sunny Boy and Sunny Tripower, were head and shoulders above any other on the market. In Singapore, from when the solar boom started around 2008 if you were to ask any solar installer which the best string ...
