

# Solar n plus new energy technology co ltd

Who is solar n plus?

Solar N Plus is a manufacturing expert in TOPCon cells and modules. Through persistent research, state-of-the-art products, and a robust global sales network, Solar N Plus has earned widespread acclaim from both domestic and international customers.

Does solar n plus have a 710w Solar System?

Solar N Plus has successfully shipped its N-type TOPCon 710W modules to the Middle East, powering solar projects in Yemen. These modules, built with N-type TOPCon technology and 210mm silicon wafer cells, deliver up to 710W of power with 22.9% efficiency.

What types of photovoltaic power plants does solar n plus offer?

Solar N Plus's portfolio of photovoltaic power plant projects features various types, such as leading facilities, ground-mounting plants (including photovoltaic-hybrid designs for agriculture, fishery, and forestry), and distributed power plants.

Solar N Plus New Energy Technology Co., Ltd. (Solar N Plus), one of the world's leading manufacturers of N-type solar cells and modules, has proudly received the Evaluation Carbone Simplifi&#233;e. [Read More](#)

Solar N Plus New Energy Technology Co., Ltd. made a sparkling appearance with its innovative PV products at the SNEC 17th (2024) International Photovoltaic Power Generation and Smart Energy Conference & Exhibition (SNEC PV+ EXPO), one of the world's leading photovoltaic exhibitions, which opened last week in Shanghai, China.
