

Solar panel companies in albany ny

Our representation of solar clients covers issues such as lease agreements, environmental reviews, issues related to installing solar panels and more. Conversely, tax credit programs and government incentives open new doors for companies and other businesses seeking to support renewable energy and enter the solar energy industry.

As of Oct 2024, the average cost of solar panels in Albany is \$2.77 per watt making a typical 6000 watt (6 kW) solar system \$16,627 before the federal solar credit and \$11,639 after claiming the federal solar tax credit.

If you pay for your system with cash, you'll save about \$36,264 over 25 years (the warranty term of most solar panels) on electricity costs with a 5 kW system in Albany, NY. We generate this estimate based on real solar quote data from our Marketplace. It considers your system's cost, the federal tax credit, and inflation rates.

From Hudson Valley roots to the regional leader in solar. Hudson Solar first opened in 2003. Jeff Irish, an engineer and business manager, and his wife, Mary, wanted to offer their neighbors a clean energy alternative.
