Should you hire a solar installer?

Solar is a growing industry that attracts contractors from many backgrounds--sometimes only loosely related to solar. But to feel confident in your solar panels, you'll want to work with an installer that has plenty of experience in custom designing systems.

What certifications do solar installers need?

The North American Board of Certified Energy Practitioners (NABCEP) offers an industry-leading certification program, while the PV Installation Professional (PVIP) Board Certification is the gold standard for solar installers. Certification isn't a firm requirement for EnergySage installers, but it's highly recommended.
