

Solar power exhaust fan

Introducing the NEW ClimaSense Series Solar-Powered Attic Fans, designed to run all day, and into the night, and cater to the unique climate of your home. Gain unprecedented control over attic and garage climates, eliminating unwanted humidity and temperatures without lifting a finger.

This fan features a 40 watt solar panel, a preset thermostat, an ultra-energy efficient DC motor, a heavy duty steel housing, and an included AC/DC inverter. Solar attic fans work by using sunlight to power the fan's motor to help prevent any heat or moisture build up in your attic.

Some of the most reviewed products in Attic Fans are the Remington Solar 30-Watt 1550 CFM Black Solar Powered Attic Fan with 456 reviews, and the Active Ventilation 365 CFM Black Powder Coated 5-Watt Solar Powered Roof Mounted Exhaust Attic Fan with 319 reviews.

Equipped with a powerful 40W adjustable polycrystalline solar panel, this fan is IP68 water proof. Built with a brushless motor, it provides up to 2000 sq. ft. of capacity cooling. Smart thermostat with wide range control of 50-122 °F and an enable/disable feature allows you to have more freedom to control the fan the way you want.

Our solar attic fans, solar roof vents, solar attic vents, and solar gable fans can be purchased in a range of standard color option, as well as custom color finishes designed to blend perfectly with your roof. Visit our Design Studio to learn more and find the Attic Breeze solar attic fan that is ...
