Why should German and European service providers invest in Zambia?

For German and European service providers active in the energy sector,Zambia presents significant potential for business development. There are clear needs across the solar energy and storage value chain,including pro-ject development and financing,equipment manufacturing,system inte-gration and contracting.

What will Zambia's energy demand look like in 2040?

The government anticipates that peak demand will be at 8,000 MW by 2030 and 10,000 MWby 2040 (from around 3,000 MW in 2022). It also projects that the demand will be largely driven by mining and agricultural consumers and not residential consumers as projected in the COSS (Government of Zambia,2022). 4. Zambia's renewable energy landscape

Which ports are used to ship goods to Zambia?

However,Dar Es Salaam is the port of choice for goods coming from Asia. Some of the ports that are used for shipping goods destined for Zambia are Durban,East London and Port Elizabeth (South Africa) and Beira and Nacala (Mozambique).

Why is Zambia a good place to ship from Germany?

One of the particularities of Zambia, as mentioned earlier, is that the country does not have direct access to the sea. The best port for the shipment of a container of goods or products from Germany or any part of Europe to Zambia is through the port of Walvis Bay, Namibia, because of its shorter distance to Europe.
